Oral Cerrahide – A-PRF™ (A-PRF™ – Gelişmiş Trombosit Zengin Fibrin)

Oral Cerrahide İleri A-PRF™ Uygulamaları

- Büyüme Faktörleri:
Biyolojisi ve Fizyolojisi, Etki Mekanizmaları
- BMP-2 ve BMP-7 Nasıl Alınır?
- Platelet Rich Fibrin ve Yeni Gelişmeler
- Yumuşak ve Sert Doku iyileştirmeleri
- İmplantolojide başarı için Biyolojik ve Farmatolojik Faktörler

Program

- 09.30-11.30 Oral Cerrahide A-PRF™, Büyüme Faktörleri: Biyoloji ve Fizyoloji, aksiyon mekanizmaları
A-PRF™: BMP-2 ve BMP-7 nasıl elde ederiz?
A-PRF™ Doku iyileşmesi üzerine etkileri
A-PRF™ & biyomateryaller
- 11.30-12.00 Coffee Break
- 12.00-13.30 Kemik Augmentasyonunda negative faktörler: Kolesterol, Vitamin D, Basınç ve Gerilim.
- 13.30-14.30 Öğlen Yemeği
- 14.30-15.30 Hands-On
- 15.30-16.00 Coffee Break
- 16.00-17.30 Oral Cerrahide ağrı ve allerji kontrolü

bone & tissue days Berlin

18th-20th September 2014

botiss biomaterials first **bone & tissue days**-World Congress 2014 will focus on new scientific and clinical concepts in dental bone and tissue regeneration. Latest trends and results, innovative technologies and surgical techniques combined with clinical training and hands-on courses are introduced.

Topics: Growth factors, hard tissue regeneration, soft tissue management and peri-implantitis, preclinical and clinical research, periodontitis

Congress Board: Georg Bayer, Anton Sculean, Hans Florian Zeilhofer

Scientific Committee: Nikolaos Donos, Sharaam Ghanaati, Steffen Köhler, Pablo Galindo Moreno, Katalin Nagy, Georg-Hubertus Nentwig, Daniel Rothamel, Ralf Smeets, Andreas Stavropoulos, Frank Peter Strietzel, Hom-Lay Wang, Barbara Zavan

Speakers: Sofia Aroca, Michael Back, Nabil Barakat, Fred Bergmann, Stephan Beuer, Oliver Blume, Claudio Cacaci, Gianluigi Caccianiga, Raúl Caffesse, Luigi Canullo, Krysztof Chmielewski, Joseph Choukroun, Olaf Daum, Vittorio Farina, Bernhard Giesenhausen, José Luis Calvo Guirado, Fabian Hirsch, Helfried Hulla, Michele Jacotti, Damir Jelušić, Adrian Kasaj, Davor Katanec, Arash Khojasteh, George Khoury, Jan Kielhorn, Axel Kirsch, Mario Kirste, Frank Kistler, Steffen Köhler, Eberhard Kowatsch, Pedro Lázaro, Henriette Lerner, Thomas Linkevicius, Andrea Mombelli, Pablo Galindo-Moreno, Yasushi Nakajima, Takatsuna Nakamura, Stavros Pelekanos, Peter Randelzhofer, Fernando Rojas-Vizcaya, Daniel Rothamel, Markus Schlee, Karl Andreas Schlegel, Anton Sculean, Derk Siebers, Ralf Smeets, Andreas Stavropoulos, Marius Steigmann, Michael Stiller, Nenad Tanaskovic, Alberto Turri, Kostas Valavanis, Péter Windisch, Gernot Wimmer, Andrey Yaremko, Orcan Yüksel, Gregor-Georg Zafiropoulos, Barbara Zavan, Holger Zipprich...
